WHAT IS GRACE NETWORK?

GRACE NETWORK
www.gracenetwork.net

Grace Network is a movement of the gospel, discipleship, and missions. It comprises a network of multiplying churches, fellowships, and missional communities committed to obeying the commission of Jesus in all the earth.

Grace Network has in its DNA the uncompromising, bold, and boisterous heralding of redemption: the finished work of Christ and its attendant repercussions for the believer, the church and the world at large.

We seek to evangelize the world, disciple those being saved, and multiply movements of life-giving churches that will bring transformation to their environments, cultures, and contexts. We live in the Spirit, walk in love, and thrive in an endless tradition of God's word and the miraculous.
